

Task: Run out table rolls

Required properties:

- Excellent corrosion & wear resistance
- Smooth surface during the operational time
- Long life expectation & high plant availability
- Fewer replacements and less maintenance
- High quality & high output

Habets Solution: Habets High Grip H.H.G. Run Out Table Rolls

Main advantages:

- Innovative Coating with NiCrBSi+WC (corrosion & wear resistance)
- Almost no wear (max. 1.5 mm at the end of the service life)
- High cost reduction
- Long service life of rolls (patented thermal coating)
- Less „cobble“ & less maintenance
- Cost reduction / More performance & production capabilities
- High plant availability
